Application Information Sheet - 2025

Dear Prospective Parent

Thank you for considering Ermelo Christian School for the educational and biblical input into your child's life. We are an independent school owned by Ruwach Ministries with the objective of training students in biblical character through academics, classroom procedures and sport. As such we strive to maintain biblical values within the school and expect the same from the students.

As a school we use the Accelerated Christian Education program in the primary school. This program is, goal orientated, individualized, and self-instructional, thus teaching the student to take responsibility for their own learning. Having staff on hand helps with understanding, procedures and monitoring.

As far as the application process goes, the following will take place.

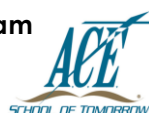

1. You are issued with a two-page Application Form which you need to fill in and return to the office, for processing. Please include **ALL** the supporting documents. This form serves as a starting point for the process. It also includes information of a general nature to help in making an informed decision.
2. If there is space in the school, you will be notified to bring your child for testing (Reading Readiness or Diagnostic Test). Please note this is not an indication that the application is successful, only that a test will be done to see how the child will fit into the program. Should no space be available you will be notified by phone or SMS.
3. After the test, an appointment will be arranged for an interview.
4. After the interview you will be notified telephonically or by SMS as to the success of the application.
5. If the application is successful you will need to collect the contractual application form from the office, and return it to the office with the supporting documents as soon as possible. **Please note, a space in the school is only confirmed with the return of the contractual application and the payment of the R1 900 registration fee.**

Yours sincerely

Terina Swanepoel
Principal
